

SwingShift Nurses Notes

2019 Victorian Collaborative Mental Health Nursing Conference

The 2019 Victorian Collaborative Mental Health Nursing Conference is on from 15-16 August at Moonee Valley Racing Club. Celebrating 20 years, the annual event showcases the specialist practice of mental health nursing and the ways this practice contributes to better health outcomes. SwingShift Nurses has participated in and supported the event since 2000 when we were a major sponsor. We are proud to continue our support of the event which remains the premier mental health nursing conference in Victoria. If you're attending, make sure you pop over to our stand and say hello.

Take care of yourself

The flu season is in full swing with an unprecedented number of cases being reported. It's timely to remind you to look after yourself and practise some basic methods to help prevent infection:

- get a flu shot
- maintain your immune system with a healthy diet, regular exercise and plenty of sleep
- try to avoid people who are sneezing or coughing
- wash your hands regularly and avoid touching your nose, mouth and face.

You deserve the best pay

You deserve the best pay rates and this is an area where SwingShift Nurses consistently delivers. We believe SwingShift Nurses is currently the highest paying nursing agency in Melbourne. Apart from providing excellent remuneration, we also subsidise your parking costs. Why? Well, we want you to use hospital carparks because we want you to be safe and not waste your time trying to find a cheaper car park that may not be as convenient.

Plenty of work available

SwingShift Nurses continues to be one of the most utilised nursing agencies in Melbourne due to the quality of the nurses and service we provide. We have an abundance of work with lots of options available to you including locum/term placements. To provide you with the best opportunities it is important that our records are current so please contact us today to ensure that both your employment preferences and availability are up-to-date.

SwingShift app set to make a difference

We have a SwingShift Nurses App coming in August. The new app will make receiving and accepting shifts, managing your availability and sending your time sheets to us a whole lot easier. It will be available from both Apple and Google Play stores for iOS and Android phones. We will send you information soon on how to download and then log in to the app — it's sure to make a real difference in the way you interact with us.

Refer a friend — it's a win/win

Refer a nurse to SwingShift Nurses and it's win/win. Not only will your friend/colleague be grateful for the terrific opportunities you have provided, but you could earn a \$250 voucher. The more nurses you refer the more you can earn. Speak to us today about this great opportunity. (Note: conditions apply)
